In the meantime, Peter Maffay has celebrated his 45th stage anniversary, has sold more than 40 million records, has topped the German album charts 17 times with his albums, more than 10 million fans have attended his concerts and Maffay's songs continue to shape the German music landscape.

Peter Maffay therefore also stands for social commitment. Today he uses his celebrity specifically to generate funds for the Foundation's needs, which amount to 1.5 to 2 million euros annually and enable around 1,300 traumatised children to stay in the Foundation's facilities every year, as well as providing accommodation for refugees in the Dietlhofen Foundation Centre.
