# NINA SCHICK

Expert on Generative AI

Nina Schick is an author, entrepreneur and advisor specialising in Generative AI. One of the first GenAI experts, Nina analyses how this nascent field of artificial intelligence will change humanity.

She is the Founder of Tamang Ventures, an advisory firm focused on Generative AI, and the creator of 'The Era of Generative AI' – a Substack project telling the story of GenAI through exclusive content and interviews. Nina advises several AI and technology companies, including Truepic — the first to build media authentication technology; and Synthesia, the world's first AI-to-video generation platform.

Nina Schick is a renowned public speaker, appearing on stages including CES, TedX, CogX and WebSummit. She has delivered keynote speeches for businesses and organisations including Microsoft, Adobe, DARPA and the UN.

Nina's debut book – 'DEEPFAKES' was released in 2020 and has been translated into five languages. The first book on AI-generated content, it predicts that over 90% of online content will be 'created' by AI in 2030. Wired, Time, MIT Tech Review and The Times have published Nina. She is also a seasoned media commentator – appearing regularly on BBC, Sky, Bloomberg and CNBC.

Before specialising in Generative AI, Nina Schick worked on geopolitical crises, including Brexit, the Russia-Ukraine war and state-sponsored disinformation. She has advised leaders including Joe Biden, the President of the United States and Anders Fogh Rasmussen, the former Secretary General of NATO.

Nina Schick speaks seven languages and calls London, Berlin and Kathmandu home.
