

**Head of Department at the Federal Ministry of Research
Director AI at K.I.E.Z. by Science & Startups (2021-2023)**

Tina Klüwer is a renowned expert, manager and ambassador for the topic of artificial intelligence and its implementation in business.

Since 2021, Dr Tina Klüwer has headed the Artificial Intelligence Entrepreneurship Centre (K.I.E.Z.) which aims to transfer the latest AI science into business and help ambitious AI entrepreneurs to start, finance and grow their companies.

Prior to launching K.I.E.Z., Klüwer was the founder and managing director of parlamind GmbH, a customer service automation company using artificial intelligence and speech processing, which she successfully sold to become the technical managing director of its four sister companies. Previously, she worked for more than 10 years as a scientist at the German Research Centre for Artificial Intelligence (DFKI), the University of Bonn and the Free University in Berlin and holds a PhD in computational linguistics from Saarland University.

Tina Klüwer is head of the research transfer working group of the KI-Bundesverband, as well as a member of the board of directors of the KI-Park. Tina Klüwer has been active for many years as chair of the BMBF's Technological Sovereignty Advisory Board, an expert member of the German Bundestag's two-year Enquete Commission on Artificial Intelligence, part of the coordination group of the BMWi's and DIN's AI Standardisation Roadmap, and a member of the board of the KI-Bundesverband.

Tina Klüwer believes that more information is needed about what is behind AI in the first place. As a sought-after speaker, she succeeds in this in an impressive way.
